OVERHEAD (RAIN) SHOWER

Experience spa-like comfort at home with an overhead rain shower designed to deliver a gentle, full-body cascade of water from above. Mounted on the ceiling or high wall, it provides superior coverage, modern aesthetics, and a relaxing rainfall sensation that elevates everyday bathing into a rejuvenating ritual.

KEY FEATURES & BENEFITS

- Rainfall Comfort - Soft, enveloping water flow helps relax muscles and reduce stress.
- Wide Coverage - Large shower head (200 mm diameter) ensures uniform water distribution.
- Hands-Free Convenience - Fixed overhead position allows effortless washing and rinsing.
- Space Saving Design - Sleek, minimalist form enhances modern bathroom interiors.
- Water Efficient Technology - Flow-control systems maintain pressure while reducing water usage.

AVAILABLE VARIANTS

- Single-Flow Models - Smooth, consistent stream for everyday bathing comfort.
- Fixed & Adjustable Heads - Choose pure rainfall or angle-controlled orientation.

CONSTRUCTION & FINISH OPTIONS

- Premium materials & finishes:
Engineering polymer (ABS) / Chrome Finish
- Durable, corrosion-resistant, and designed to complement contemporary bathroom fittings.

Moho

Transform your daily ritual

Every day begins and ends with water.

A moment to wake up, to reset, to wash away the noise and return to yourself.
Moho was born from that quiet space - a celebration of the everyday
ritual that keeps us human.

We believe a shower isn't just about getting clean — it's about feeling renewed.
It's where ideas spark, stress softens, and energy flows again.

So we craft shower experiences that elevate the simple into the extraordinary -
where design meets serenity, and engineering meets emotion.

Moho turns ordinary routines into meaningful pauses.
A return to calm. A return to self.
